### Overview

AAFP Conditions A to Z is a handy patient-information tool that's been written and reviewed by physicians and patient education professionals at the American Academy of Family Physicians (AAFP). The AAFP is a national medical organization representing more than 93,700 family physicians, family practice residents and medical students.

Common conditions, treatments and health tips are presented concisely and informatively, and listed alphabetically or cross-searched in STAT!Ref online. Print the information for your patients to enhance understanding and health promotion.

This title updates quarterly.
