Tips and Advice for the Psychiatric-Mental Health Nurse Practitioner Exam

The exam is 200 questions, but 25 of the questions won't be scored for or against you. These extra questions are used for psychometric analysis, and can sometimes be pretty esoteric. If you find an abnormally difficult question, don't stress during the exam, it's probably just a trial question.

At a high level, these are the categories that you need to be aware of for the exam. The BoardVitals question bank follows these topics.

- I. Foundations for Advanced Practice Nursing (29%)
- II. Professional Role and Policy (26%)
- III. Independent Practice Competencies (45%)

"BoardVitals is the best resource I have seen for the Mental Health/Psych NP exam. The questions are hard and the explanations are thorough. I've recommended this to many others!"
