The BoardVitals USMLE Step 1 question bank was created in an effort to teach the kind of thinking that is required of students. BoardVitals USMLE Step 1 offers:

- The highest quality USMLE Step 1 Level questions
- Covers all categories presented on the Step 1 Exam
- Individualized question recommendations based on performance

BoardVitals USMLE Step 2

For the USMLE Step 2 CK question bank, BoardVitals selected the most challenging questions to ensure that students maximize their study time. BoardVitals USMLE Step 2 offers:

- The highest quality USMLE Step 2 Level questions
- Covers all categories presented on the Step 2 Exam
- Individualized question recommendations based on performance

BoardVitals USMLE Step 3

For the USMLE Step 3 question bank, BoardVitals again selected the most challenging questions possible. BoardVitals USMLE Step 3 offers:

- The highest quality USMLE Step 3 Level questions
- Covers all categories presented on the Step 3 Exam
- Analysis by board certified physicians who make sure that BoardVitals is keeping the questions and topics that are relevant to the boards while removing questions that do not appear on the board
- Each question comes with a detailed explanation that serves as a mini-lecture for reviewing key content
- Individualized question recommendations based on performance

BoardVitals questions are specifically written to simulate the complexity and time of the real questions on the exams. The real exams let users move backwards and forwards from question to question, as well as correct old answers. The BoardVitals system is modeled after this behavior as well. And, BoardVitals even offers timed mode or review mode for the most effective simulation of the real exam.
BoardVitals Shelf Exams

BoardVitals, available from STAT!Ref, offers a completely unique new series of question banks for Shelf Exams. Included are the highest quality challenging Shelf Exam questions targeted for use during clerkship rotations. The questions have been specifically adapted for the medical school student level and include thousands of multiple choice questions (MCQ), vignettes and long form questions.

- Neurology Shelf Exam Questions and Answers
- OBGYN Shelf Exam Questions and Answers
- Family Medicine Shelf Exam Questions and Answers
- Pediatrics Shelf Exam Questions and Answers
- Internal Medicine Shelf Exam Questions and Answers
- Surgery Shelf Exam Questions and Answers
- Psychiatry Shelf Exam Questions and Answers

NBME Exam Prep and Readiness

During the 3rd and 4th year of medical school, Clinical Clerkship Exams (or Shelf Exams) are given by the NBME to ascertain readiness to continue on in medical school. The exams include Psychiatry, Surgery, Pediatrics, Medicine, OBGYN, Neurology, and Family Medicine. BoardVitals from STAT!Ref covers all of the topics for the shelf exams.

NBME Percentile Requirements

- OBGYN requires a score at the 22nd percentile to pass
- Family Medicine requires a score at the 4th percentile to pass
- Medicine requires a score at the 11th percentile to pass
- Pediatrics requires a score at the 11th percentile to pass
- Internal Medicine requires a score at the 11th percentile to pass
- Neurology requires a score at the 11th percentile to pass

Each one of the BoardVitals Shelf Exam questions has a “percentage correct” score so that users can compare themselves to how other students are performing. And, BoardVitals has a timed exam feature so that users get a feel for the pace. Students can always go back later and read up on explanations.

“BoardVitals is outstanding! Its Internal Medicine question bank for both the Shelf Exam and the Boards is excellent... I had the opportunity to review both question banks, and as someone who has taken both the Shelf Exam and the Boards, these questions are exactly what you need to pass!”
