“Board Vitals (BV) was essential for my board preparation. I am not a great test taker, and in order for me to have passed my AP/CP boards, I needed to do a LOT of questions, which is hard to come by (especially for CP). Not only was there a plethora of questions, they were all generally well-written and in the style of the actual boards. The material covered in BV was broad yet helpful in how I should focus my studies. Furthermore, the questions were confidence-boosting in that I actually knew more than what I thought; it was nice to know that I was comparable to my peers—and you will likely feel the same way. Lastly, I got quick and thorough feedback regarding any questions or issues I had about any questions I came across. In summary, BV is a gem that I am thankful for discovering.”
