

STAT!Ref Mobile Offline takes STAT!Ref healthcare e-sources on the go. With powerful interactive functionality, STAT!Ref Mobile Offline allows users the ability to purchase any number of cross-searchable titles and download them directly to their mobile devices. Once your titles are downloaded, they are accessible from anywhere since you are no longer dependent upon an internet connection.

Customize and choose resources that relate to your areas of interest and build a STAT!Ref e-book collection on your device today.

Features

- STAT!Ref Mobile Offline utilizes the same robust Search Engine you've come to expect from STAT!Ref Online, with full-text searches and relevance ranked results.
- Choose from 1 to 73 titles and growing and then search them alone or together.
- Portable and convenient. Once the application is purchased and downloaded there is no longer a need for an internet connection.
- Users are notified if a new issue or edition is available for download within their 1 year annual subscription period.
- Medical calculations are made easy with EBMcalc a collection of 520 medical calculation tools integrated in every subscription.
- Integrated Stedman's Medical Dictionary.
- Integrated multimedia content including videos and images that are completely optimized for quick accessibility to help you better understand healthcare topics.

Titles may be purchased individually, in pre-defined packages, or any combination thereof. Access to each title and/or package you purchase is for a period of 1 year and users will be notified via the STAT!Ref App if a new issue or edition is available for download within that period.

STAT!Ref Mobile Offline FAQs

Q: How can I purchase STAT!Ref Mobile Offline Titles?

A: Click the store button located on our info page. Add your titles, package or any combination of titles and packages to your cart and check out. You will receive an email confirmation along with your login info. Download the appropriate app, sign in and download your titles.

Q: What is included with STAT!Ref Mobile Offline Titles?

A: In addition to the title(s)/package(s) you select, each purchase includes for free:

- Stedman's Medical Dictionary
- EBMcalc Complete Edition

Q: What type of authentication if any is necessary?

A: A user name & password is needed to activate the purchased download. This is provided to you via email after your purchase.

Q: Can I add more titles later?

A: You can purchase more titles at any time however, if purchased at different times they will also expire at different times. An expired title will simply become inaccessible but you can continue to use any unexpired titles.

Q: Can STAT!Ref Mobile Free and STAT!Ref Mobile Offline be used together?

A: Absolutely! If you already have SR Mobile Free (subscription-based) on your mobile device just follow these steps after you purchase SR Mobile Offline.

- Tap the STAT!Ref app icon on your mobile device
- To access Offline mode just tap the [Use Offline Mode] button which is activated after you connect to your offline subscription the first time
- To access SR Mobile mode enter your Temporary log in info and click [Log in]
- To toggle between the two just log off and either click the [Use Offline Mode] for your purchased titles or [Log in] to view your subscription titles. It's that easy!

Q: How large an application is this?

A: The amount of data that is downloaded will vary depending upon the number of titles downloaded and the size of each title. You will see a file size next to each title. Anytime you need to free up space you can unload a title. It will stay in your list with a world icon next to it. You can re-download it anytime within your 1 year purchase agreement.
